ANIMATED

Wind Spinner Collection

Art comes to life in the Animated Collection. Each one of these best selling designs has been detailed to show incredible clarity and depth of field. Clouds move behind the hummingbird beating his wings; dragonflies fly above ponds of water while their shadows mirror their every move. Each design offers a unique animation that has to be seen to be believed.

Each Animated Wind Spinner is approx. 10" (25cm).

ACCESSORIES

Spiral Tails, Motors, Hooks & Chimes

Accessorize your product with a solar or conventional motor. Sometimes your spinner needs to hang down lower and we have just the hook for that. Our tails are amazing, taking you back to the days of the old barber pole. People are continuously asking us, "Is that ball really climbing?" We just smile.
